BayHub SD7.x Host Solutions
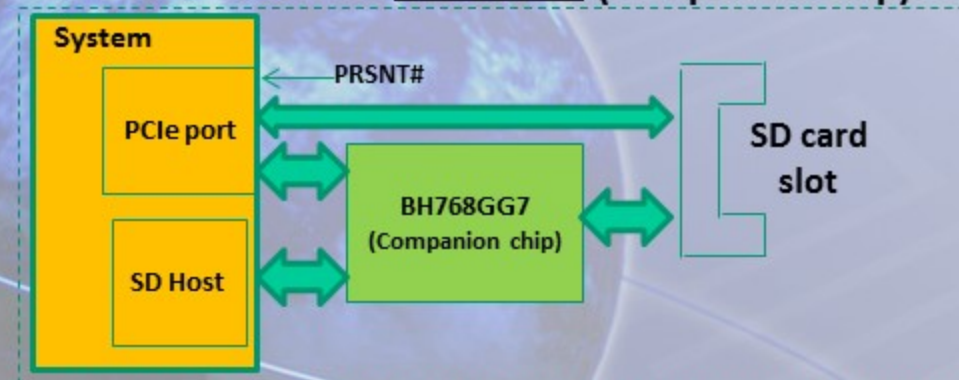

- ❑ **For SD7.x Host, below solutions are available;**
- ❑ **Solution-1: BH770GG7 (PCIe-to-SD7.x Bridge Chip)**
- ❑ **Solution-2: BH768GG7 (Companion Chip)**

Solution-1: BH770GG7 (PCIe to SD7.x Bridge)

System

PCIe port ⟷ BH770GG7 (PCIe-to-SD7.x Bridge) ⟷ SD card slot

BH770GG7 will work system's PCIe-port which supports Hot-plug.

Solution for case-2: BH768GG7 (Companion Chip)

System

PRSNT#

PCIe port

SD card slot

BH768GG7 (Companion chip)

SD Host

BH768GG7 will work system's SD Host and PCIe-port which supports Hot-plug.
